

BIJAY SHREEPALI

Kathmandu, Nepal | 9742532545 | 017bijay@gmail.com | github.com/Bljjay017

SUMMARY

Highly motivated Computer Science and Information Technology student with strong foundations in programming, algorithms, databases, and software development, complemented by practical skills in data science, machine learning, and analytics. Experienced in working with Python, SQL, and data-processing tools to explore datasets, build predictive models, and derive actionable insights. Skilled in applying statistical methods, data visualization techniques, and model-building workflows to solve real-world problems.

EDUCATION

Bachelor of Science in Computer Science and Information Technology (BSc. CSIT)
Tribhuvan University | Expected Graduation: 2026

TECHNICAL SKILLS

Languages & Frameworks: Python, Java, JavaScript, HTML/CSS, Flask, Dot NET, PHP

Databases: MySQL, MongoDB, Oracle

Tools & Platforms: Git, GitHub, Power BI, Postman

KEY PROJECTS

- Airlines Ticket Booking System with Price Prediction
Full-stack web application with ML integration
- House Price Prediction Model
Machine learning regression project
- Sentiment Analysis Tool
Natural Language Processing application
- Customer Segmentation with Ads Campaign
K-Means clustering based application

WHAT I BRING TO THE TABLE

I am genuinely passionate about technology and love the challenge of turning ideas into working solutions. I work well in teams, communicate clearly, and I'm not afraid to ask questions when I need help. I'm looking for an internship where I can contribute meaningfully while learning from experienced professionals.
